

COMPANY PROFILE

MISSION

Committed to provide excellent products and services through professional and competent people.

"Welcome to the future of information technology"

COMPANY

Was incorporated in 1995 and has been in the IT Solutions business for more than 6 years. From its humble beginning, PERSISKOM has now established itself amongst the leading companies in the country in providing its services to the government, semi government and major corporations in Malaysia.

We recognize that the strength of a company, especially in the service industry, lies in its people. In this endeavor, our principals and staff has been specially selected to form a team of dedicated and highly skilled professionals.
